## ANAT Open Ended Questions

### What did you like most about this course and instructor?

Comments
Theo was an awesome AI for this course. Whenever answering a question, he first questioned me in order to allow me to think of the answer first, and if I wasn't able to come up with it, he would explain it throughly. He was always able to give us tips and tricks on remembering terms as well.
He made the course interesting and really encouraged students to do their best.
Made learning fun
Throughout the course, Theo would go above and beyond in helping the class understand the material. If we had a question, he would answer it but he would also add onto the answer to make sure that we understood why the answer was the answer. I feel that he really connected with the students and treated us as equals.
